

30 years of the Australian Democrats

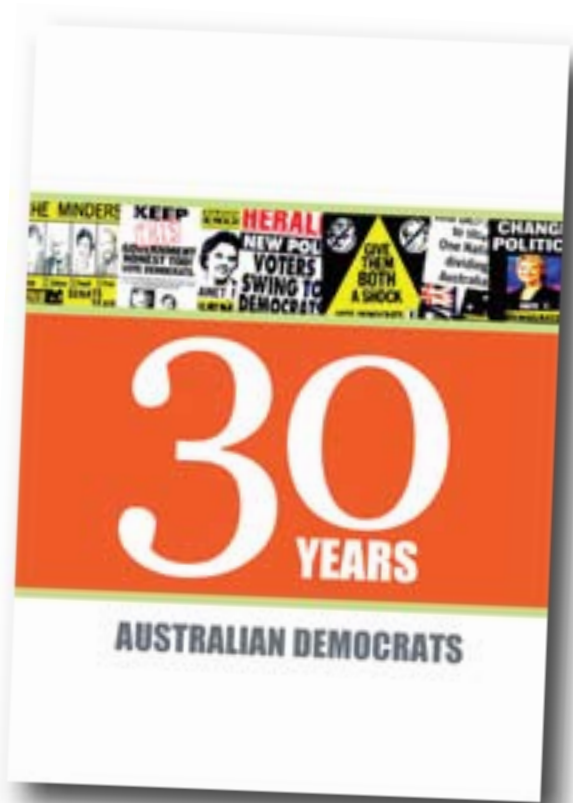

is a book that takes you on an incredible behind-the-scenes journey of a unique Australian political party.

It is hard to believe that it is three decades since the inimitable Don Chipp founded the Democrats with the provocative mission statement and slogan "Keep the Bastards Honest".

The book gives you a snapshot every living Democrats Senator and member of Parliament, past and present. It is a fascinating insight into the people, the victories and battles the party faced and the people who fought them.

To order copies of the book you can:

1. Order now and pay online: www.democrats.org.au
2. Complete the order form below.
